WHY GLOBALINKS LEARNING ABROAD

A FOCUS ON YOU AS AN INDIVIDUAL

Our focus is to help you find the best degree program to fit your needs and meet your professional goals.

MORE THAN 20 YEARS OF EXPERIENCE

We began in 1990 as AustrLearn, and now have more than 20 years of experience and over 26,000 satisfied alumni. We are a trusted partner to twenty-four universities for degree program options.

THE DISCOVERY DIFFERENCE

We are your application specialists, and we are here to help you as you apply to our top-ranked universities in Australia, New Zealand, and the U.K. After completing your application through Globalinks Learning Abroad and accepting your offer of place, you will have the opportunity to participate in our Bridging Cultures Program FREE OF CHARGE (\$800 value). Once abroad, our in-country staff will lead you on a multi-day Bridging Cultures Program to ease your transition and accelerate exposure to your host country.

STAFF WHO UNDERSTAND YOU

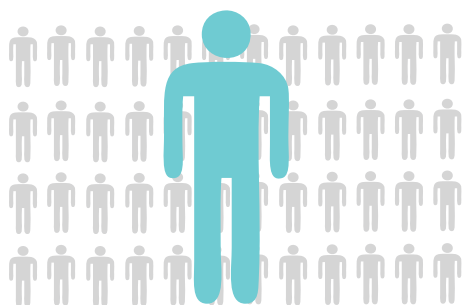

Our team, both in Canada and abroad, is passionate about study abroad. Our Degree Team staff have all been abroad and understand firsthand what you are going through as you prepare for an international experience. Once in country, on-site staff provide guidance and insight to the local culture and are available 24/7 in case you need them.

Throughout your discovery abroad, you will be supported by a team of engaged on-site coordinators who can assist you with finding the right balance of study and activities to make your study abroad experience one-of-a-kind. Worldwide, we have employed more than 35 Resident Directors and Resident Coordinators in order to support our students on the ground in every location.

"The GlobaLinks team takes the hassle out of preparing applications by processing the paperwork and tracking an application's progress."

Jaime Jobson, Regional Manager, Monash University

"The University of Sydney and GlobaLinks have a long and close relationship which is of benefit to any student choosing to study with us. We may well be on the other side of the earth, but the close relationship between us means that the distance is small in reality. GlobaLinks staff members also have excellent knowledge of what it is to be a Sydney student and can advise you as to the best way to go for your future career goals."

Kate Smart, Senior Manager Study Abroad and Exchange, University of Sydney

"GlobaLinks provides an enquiry to enrollment service that is highly personalized. As an organisation, they take the stress out of applying to an overseas institution, and their team of admissions counselors are always available to answer questions and provide advice on a range of topics. Best of all, students get to deal with someone in or close to their time zone, so no late night phone calls or waiting for a day to get a response from the campus. The hardest part of studying overseas is everything you do before you start the study, and GlobaLinks makes it easy."

Stuart Floyd, International Regional Manager, Bond University

"GlobaLinks is a great resource for students interested in the University of Melbourne! Their knowledgeable staff provides excellent service to students throughout North America."

Melissa Chapman, Country Office, University of Melbourne

BRIDGING CULTURES PROGRAM

included option for degree students applying through GlobalLinks Learning Abroad

Multi-Day In-Country Orientation Program

The GlobalLinks Learning Abroad Bridging Cultures Program is our signature orientation program. As a degree program applicant with GlobalLinks Learning Abroad, you have the opportunity to partake in this multi-day program worth \$800. The program includes accommodation, most meals, local transportation, and excursions.

Typically 4-6 days in length, each orientation program includes:

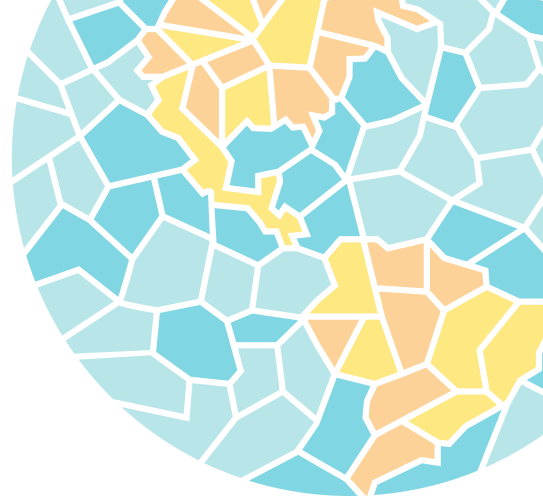

- Exciting excursions and activities
- A chance to meet other students
- Information sessions to help you adapt to your new country

Orientation sites vary based on the location of your degree program. Each site is selected based on the proximity to your university, as well as for the unique activities available within the area.

Sample activities:

- Pet a kangaroo and hold a koala in Australia
- Māori cultural experience and feast in New Zealand
- Visit famous sites, such as the Tower of London and Westminster Abbey in London

MEDICINE: FREQUENTLY ASKED QUESTIONS

What is the minimum GPA required to apply?

Applicants need to have a minimum GPA of 75% (roughly a 2.8 on a 4.0 scale) in order to apply. Some universities will assess your GPA based on the last three years of undergraduate study, and others will factor in all years of undergraduate study. Contact us for details.

What are the MCAT requirements?

The minimum MCAT requirement is an 8/8/8. If your MCAT results include the writing section, the minimum score required is an 'M.' If your results do not meet this minimum requirement, you will not be eligible to apply to the graduate entry MBBS programs available through GlobalLinks Learning Abroad. If you are below the minimum requirement, you will need to re-sit the exam prior to the application deadline or your application will not be considered. Some exceptions apply – contact us for details.

When do I apply?

Applications open between February and April of each year. You can begin/submit your applications at this time. Most students begin their applications in their final semester of university.

How much does medical school in Australia cost?

Tuition fees for international students range from \$37,500–\$67,520 AUD per year.

I'm in my final year and plan to write the MCAT in the summer. What's the latest date I can sit the MCAT?

Most application deadlines are in June, so you will want to sit the MCAT no later than early May to ensure your scores are available prior to the deadline. If your scores are not available by the application deadline, you are encouraged to contact our office when they are released to see if there are any programs still accepting late applications. Some universities will take applications until the 31st of October, but only if international student spaces are still available. For test dates, visit aamc.org.

Can I sit the MCAT more than once?

Yes, you can sit the MCAT as many times as necessary to meet the minimum 8/8/8 requirement. The universities will be able to see all of your scores, but you will only be assessed on the highest score that meets the requirement. The other test results will not have an effect on your application outcome.

If I study medicine abroad, can I practice in Canada?

To transfer your international medical degree back to Canada, there are multiple exams required that are administered through the MCC (Medical Council of Canada). For the most up-to-date and detailed information, you are encouraged to contact the Medical Council of Canada. Additionally, there are also residency requirements that must be met in order to practice in Canada. Contact CaRMS (Canadian Residency Matching Service) for more information about residencies. Please contact us if you have any questions.

DENTISTRY: FREQUENTLY ASKED QUESTIONS

What is the minimum GPA required to apply?

Applicants need to have a minimum GPA of 75% (roughly 2.8 on a 4.0 scale). Please note that while the GPA cutoff is 75%, dentistry programs are highly competitive and you will be accepted based on your competitiveness against other applicants applying in your year.

What are the CDAT/DAT requirements?

The minimum requirement is a 15 in each category. If you do not meet this minimum requirement, you are not eligible to apply to most of our graduate entry dental programs. If you are below the minimum requirement, you will need to re-sit the exam prior to the application deadline or your application will not be considered. Some exceptions apply – contact us for details.

How long are my CDAT/DAT scores valid?

Your test results are valid for 2 years.

What is required to apply?

Application requirements vary by university. Contact us to confirm requirements or visit

DegreesOverseas.ca/DentistryAustralia.

What is the difference between the Bachelor of Dental Surgery and the Doctor of Dental Surgery/Science/Medicine?

Bachelor of Dental Surgery programs are open to students applying directly from high school, whereas Doctor of Dental Surgery/Science/Medicine programs require applicants to have a complete undergraduate degree. Both options provide you with the necessary qualifications to practice dentistry in Australia, New Zealand, or Canada.

If I study dentistry in Australia or New Zealand, can I practice in Canada?

Yes. Effective March 31, 2010, a reciprocal agreement was reached between the Australian Dental Council and the Commission Dental Accreditation of Canada (CDAC), promising recognition to Canadian graduates from accredited Australian programs for certification and licensure. New Zealand has also signed a reciprocal agreement with Canada.

"GlobeLinks Learning Abroad was able to simplify much of the application process by quickly answering my questions and providing me with a timeline of deadlines. I do not regret my choice to utilize GlobeLinks' services and would do so again if I had the chance."

FIND A DEGREE AND APPLY ONLINE

1. CREATE A MYLEARN ACCOUNT

Your personal MyLearn account allows you to store program information, compare programs, and download university application forms.

2. SEARCH FOR DEGREES AND DOWNLOAD UNIVERSITY PROSPECTUSES

Once you have created a MyLearn account, you can search based on your area of interest to find a suitable program for your academic needs.

To find the program that is right for you, follow these steps:

- Click on 'search for a program' in the upper left hand corner from any page on www.DegreesOverseas.ca
- Select degree type (i.e. Master of Science = Postgraduate; Medical School = Professional)
- Select your area of study from the drop down menu
- Further customize your search by selecting the program specialization

3. APPLY ONLINE

Through your MyLearn account, you can download and complete the application to the university(ies) of your choice. It's that easy!

TRANSFER OF QUALIFICATIONS

In most cases, qualifications from Australia, New Zealand, and the U.K. transfer readily; however, requirements to practice can vary. To help you identify registration requirements, we have compiled contact information for select professions.

We recommend that you visit the website for the Canadian Information Centre for International Credentials at cicic.ca where you will find additional information about the transfer of qualifications. You can also use the Foreign Credentials Referral Office (FCRO) at credentials.gc.ca. The FCRO was created to assist in the assessment and recognition of international qualifications.

SEMESTER / YEAR SUMMER / JANUARY PROGRAMS

globalinksabroad.org

SEMESTER/YEAR ABROAD

Semester and year abroad programs provide the greatest flexibility for fulfilling degree requirements, while allowing you to fully immerse yourself in the culture and lifestyle of your host country. As a semester/year abroad participant, you will enroll directly into the university of your choice, select classes from a broad range of subjects, study alongside local students, live on or near campus, and have the freedom to participate in clubs or activities of interest. Our unique Discovery Model will allow you to get the most out of your experience in 5 key areas: cultural, personal, social, academic, and professional.

GlobaLinks Learning Abroad offers semester/year abroad programs in countries around the world:

- Australia
- China
- Czech Republic
- England
- Fiji
- Germany
- Greece
- Hong Kong
- Ireland
- Italy
- Japan
- New Zealand
- Scotland
- South Korea
- Spain
- Thailand
- Wales

SUMMER/JANUARY SHORT COURSES

Summer and January study programs are a great option for students who are unable to spend a semester or year abroad due to conflicting obligations during the academic year and those students looking for shorter, less expensive options.

Our programs provide you with a culturally authentic, academically rich, and hands-on international experience. Because of the variety of academic options, every student can find a summer or January study abroad program that suits their academic goals and schedule. Many of our programs travel to different locations within each country, giving you the unique ability to see a variety of different places in a short amount of time.

GlobaLinks Learning Abroad offers short-term programs in countries around the world:

- Australia
- China
- Czech Republic
- England
- France
- Germany
- Greece
- Hong Kong
- Ireland
- Italy
- Japan
- New Zealand (January only)

INTERNATIONAL INTERNSHIPS

gointernabroad.com

Our global career-building internships are more than just a placement. We customize your internship to meet your needs and give you the tools to build your personal brand and career.

GLOBAL CAREER-BUILDING INTERNSHIPS IN AUSTRALIA, CHILE, CHINA, ENGLAND, HONG KONG, NEW ZEALAND, SINGAPORE, AND SPAIN

We offer unpaid international internships for academic credit in every field of study. Our Global Career-Building Internships are much more than just a placement. Each intern's experience is unique, and we recognize that you have personal goals and aspirations for your study abroad program.

We custom build internships to meet your needs and provide essential support services to ensure a great internship experience. Our program also includes a multi-day on-site Bridging Cultures Orientation Program, other professional and social activities, housing, insurance, our Personal Brand Discovery Toolbox, and more. Scholarships are available.

MORE THAN JUST AN INTERNSHIP PLACEMENT

Our internship program includes so much more than just finding you an internship, housing, insurance, and all the other basics, including:

- Academic credit available
- Personalized program based on your goals
- Resume and cover letter advising
- 24/7 health and safety
- Excursions and adventures
- Global personal brand discovery and toolbox (more details below)
- Career counselling resources

INTERNSHIP PLACEMENTS IN EVERY FIELD

Your decision to study biology, business, communications, history, psychology, or any other field does not always have a natural connection to the career path you may seek. The development of the professional self is an intentional task that starts with knowing who you are through self-discovery. Finding a successful and meaningful career requires you to know your personal values and mission and connect this with your profession. With internships available in every field, we will work with you to help you determine your career path and find the ideal internship for you.

Sample career fields available:

- Agriculture, animal, and vet science
- Architecture, landscape, and planning
- Arts and humanities
- Business and management
- Communications, advertising, and journalism
- Education and teaching
- Engineering
- Environment and natural resources
- Health professions
- IT and computer science
- Law and criminal justice
- Music, dance, and performing arts
- Psychology and social work
- Science and math
- Sports, recreation, and exercise science
- Tourism and hospitality
- Visual arts

GLOBAL PERSONAL BRAND DISCOVERY TOOLBOX

Developing your personal brand is very important. Our award-winning Global Personal Brand Toolbox will help you begin to discover and create your brand message to others, including potential employers. You will be able to communicate the value you will offer and what differentiates you from other graduates.

From the beginning of the program through to your return, we offer numerous resources for you to begin to develop your personal brand and intertwine aspects of your international internship experience.
